

Notification of Changes to Event and Distance Books

Hello Fellow Walkers,

As many of you have heard, the IVV rules for Distance and Event Books will be changing effective 1 Jan 2018. I would like to give you an explanation of what to expect. The new Rules are on the CVF website under Resources.

EVENT BOOKS:

Green: 10, 30, 50 Events (no change)

Purple: up to 600 Events in increments of 25

Red: more than 600 Events in increments of 50 **OR** 100

What this means to you: Once you have finished your 600 Events in the Purple Event Book, you will purchase the Red Event Book. You must decide how many Events to record in this book – either 50 Events or 100 Events.

DISTANCE BOOKS:

Blue: up to 10,000 km in increments of 500 km

Yellow: more than 10,000 km in increments of 1,000 km **OR** 5,000 km

What this means to you: You will continue to use the Blue Distance Book until you have reached the 10,000 km milestone. You will then purchase a Yellow Distance Book. You must decide how many km to record in this book – either 1,000 km or 5,000 km.

AS ALWAYS A NEW RECORD BOOK MUST BE PURCHASED FOR EACH ACHIEVEMENT AWARD.

If you are currently using either the Salmon Event Book or the Brown (beige) Distance Book, please continue to use them until you have reached the Achievement Award level you are aiming for with that book.

As of 2018 pins and patches will be given out with the Awards if requested while quantities last. No new pins or patches will be ordered. **YOU WILL STILL RECEIVE A CERTIFICATE FOR EACH AWARD LEVEL.**
